

IN THE SPECIFICATION:

On page 3, please amend the paragraph beginning at line 14 as follows:

B1 --In accordance with the present invention, the radiator surface 20 is non-planar, having a three dimensional shape. In Figure 2 it is shown that the radiator surface is covered with pyramid shapes. However the invention is not so limited, and other different shapes may form the radiator service.--

IN THE CLAIMS:

Please amend claims 1, 4 and 7 and add new claims 12-14 as follows:

B2 1. An antenna having a continuous non-planar radiator surface.

B3 4. An antenna comprising: a ground plane having a planar surface, and a single non-planar radiator surface positioned adjacent the ground plane.

B4 7. A mobile station including an internal antenna having a continuous non-planar radiator surface.

B5 12. An antenna according to claim 1 wherein the non-planar radiator surface is an irregular surface.

13. An antenna according to claim 4 wherein the non-planar radiator surface is an irregular surface.

14. An antenna having an irregular non-planar radiator surface.
